1969 Z/28 Canted Valve 302. Except for the aluminum block the short block is pretty conventional with a 3.00-inch forged crank, forged rods and forged pistons with appropriate piston crowns for the unique cylinder heads.

Hot Rod Engine Tech 1969 Z/28 Canted Valve 302 - Hot Rod ...

ENGINES The Boss 302 engine, a member of the family of Ford small-block V-8s, was unlike any of the versions (both street and race) issued in 1968. Its basic foundation was a short block that was effectively similar in design to that used in the prior Tunnel-Port effort, but with thicker webbing around the main bearing locations.

1969 Ford Mustang Boss 302 | Hemmings

Looking at the graph, it looks like the DZ 302 actually outperforms the Boss 302 from 3,700 rpm until 5,800rpm. However, in the upper RPM range, the Boss 302 shows a definite, significant advantage over the DZ 302. "The results of this test didn't really surprise me, except for one thing," reveals Holdener.

Battle Of The 1969 302-Cube Powerhouses: BOSS 302 Vs. DZ 302

The Chevy DZ 302 race engine was introduced by Chevrolet in 1967 to make the Camaro more competitive in the Sports Car Club of America (SCCA) Trans-Am racing series. At that time, the new Z/28 engine option was manufactured in a smaller size due to changes in the technical rules of the SCCA race. As it turned out, ...

Chevy DZ 302 Specs | It Still Runs

Chevrolet's DZ 302 cubic-inch powerplant is regarded as one of the most legendary small-blocks that Chevrolet ever developed. With its unique design and rich history — both in road racing and on the strip, it has definitely earned its respect. The 302 cubic-inch engine was developed as the powerplant for the first-generation Z/28 Camaro (model years 1967 through 1969).
