The American Academy of Pediatrics (AAP) does have input into these guidelines, and works hard to try to get pediatric interests recognized by HCFA. Pediatricians have a vested interest in using the documentation guidelines, because regulations that are implemented by Medicare are usually adopted by Medicaid and private payers, says Bela ...

Moreover a Cochrane review published in 2011 illustrated the modest efficacy of sulfasalazine as compared to placebo in treatment of mild to moderate CD[7]. Furthermore, only two clinical trials have been carried out with 5-ASA in children[8, 9] and the dosing in pediatric patients is thus extrapolated from adult treatment.
