The economy was now high politics, and much of politics was about the economy. Over the past 50 years, political economy has become increasingly prominent in both economics and political science, in three ways: It analyzes how political forces affect the economy. Voters and interest groups have a powerful impact on virtually

**THE POLITICAL ECONOMY - International Monetary Fund**  
Political economy is the integration of political and economic factors in our analysis of modern society. Inasmuch as just about everyone would agree that politics and economics are intricately and irretrievably interwoven—politics affects the economy and the economy affects politics—this approach seems natural.

**The Political Economy of Economic Policy - IMF F&D**  
Every economy is a political economy and the enormous success of the U.S. economy has been as dependent on our political system as on our economic system. Indeed, many of the problems that currently plague the U.S. economy are the result of our failure to hold on to the political wisdom that guided our Founding Fathers.
