[PDF] Albertus Seba Cabinet Of Natural Curiosities ...

Cabinet of Natural Curiosities: The Complete Plates in Colour, 1734-1765 represents the efforts of a single collector based in Amsterdam in the eighteenth century, Albertus Seba. Seba came into contact with natural specimens in his work as an apothecary, and this may be what sparked his interest in the natural world and prompted him to collect far beyond the reaches of what was needed for his profession.

A Library of Natural Curiosities | The Metropolitan Museum ...

Albertus Seba. Born in 1665, Albertus Seba decided, while still a young man, to apprentice as a pharmacist. His decision proved fortunate, both for him and for science. In familiarizing himself with medicinal plants, he took an interest in other natural phenomena, including mammals, birds, mollusks, insects and — his apparent favorite — snakes.
