The Grammar-translation Approach uses the students' native language to teach the target language. If you're over 30, have ever learned language via the textbook or have spent many a night memorizing a list of 30 foreign words, you've experienced the Grammar-translation Approach. Grammar and vocabulary are memorized rote.

Summing up DL -2: T5- Text To Text Transfer Transformer ...

The relationship between low-density lipoprotein cholesterol (LDL-C) and cardiovascular disease (CVD) events is well established. Since the 1990s, statins have been the principal pharmacological approach for lowering LDL-C, with ezetimibe more recently available as second line. However, many individuals do not achieve their LDL-C target (either absolute values or a percentage reduction) due to ...
