Art And Psychoanalysis Art And

Irina Simidchieva, artist and second-year psychoanalytic candidate at the Manhattan Institute, shares her views on what psychoanalysis and art have in common. "Art and psychoanalysis," she writes, "communicate the idea that parallel to objective reality there exists another one... no less important, perhaps even more so, than the 'real' reality."

Psychoanalysis and art share important pathways to increase connection to self, creativity, and resilience. As both an artist and therapist who has spent many years engaged with psychoanalysis, I have often wondered about the connections between the psychological and emotional meanings of making my own art and the experience of being a therapist.

Psychoanalysis and Art - Wright Institute Los Angeles

Art history and psychoanalysis are interdisciplinary subjects that rely on imagery for their very existence. Works of art are, by definition, images, whether these are two- or three-dimensional. Psychoanalytic interpretation, both clinical and as applied to other fields, deals with the observation and analysis of imagery:
