Interval goals are measured across intervals, and frequency goals measure the number of occurrences of a preferred or replacement behavior during a time period. The goal of behavior goals should be to extinguish, or eliminate, undesirable behavior and replace it with appropriate, productive behavior.

Individual Education Plans and Behavior Goals

“Developing a Behavior Intervention Plan is a two-part planning process undertaken by a team when a student has a behavior that impedes his or her learning or that of others. The process includes conducting a functional behavior assessment and developing behavior interventions based upon that assessment.

Developing an Effective Behavior Intervention Plan

intervention), to comprehensive prevention that addresses risk and protective factors in multiple domains. Ideally they would also go beyond prevention to promoting positive youth
