Between Frontiers: Nation and Identity in a Southeast ...

A staple of post-war academic writing, "nationalism" is a contentious and often unanalyzed abstraction that has come to be treated as something "imagined", "fashioned", and "disseminated". Between Frontiers restores the nation to the social field from which it has been abstracted by looking at how the emergence of national spaces shapes the existence of people living in border zones, where they live between nations.

Between Frontiers: Nation and Identity in a Southeast ...

This is a book about the transformation of a border locality between two nation-states located in insular Southeast Asia. Undertaking a deep ethnography of a border community where the boundary of the village coincides with the national boundary between Malaysia and Indonesia on the island of Borneo, Ishikawa is concerned with the question of how people of a border community strategically ...

"Between Frontiers: Nation and Identity in a Southeast ...

'Nationalism' is a contentious and often unanalyzed abstraction, generally treated as something 'imagined' or otherwise located on maps, in flags and other symbols, and in collective memory. Between Frontiers restores the nation to the social field from which it has been abstracted by looking at how the concept shapes the existence of people in border zones, where they live between nations.

Between Frontiers: Nation and Identity in a Southeast ...

This research investigates a key concept in East Asia, face, and represents the first attempt to empirically examine the concept of face at the national level. Controlling for the level of national identification, Study 1 employed the scenario experiment method among samples of native Chinese and Taiwanese populations and revealed that national face exhibits patterns reverse of personal face.
