Guide to North American Birds - National Audubon Society

By engaging with our 1.7 million members, and the more than 45 million Americans who consider themselves birders, we make complex environmental impacts tangible, and national and global issues local. Audubon brings people to climate action through their passion for birds: stewarding a beach to protect nesting shorebirds, planting native gardens that support bird populations, participating in a Christmas Bird Count or taking a bird walk at a local Audubon nature center.

Climate Initiative | Audubon - National Audubon Society

John James Audubon's Birds of America is a portal into the natural world. Printed between 1827 and 1838, it contains 435 life-size watercolors of North American birds (Havell edition), all reproduced from hand-engraved plates, and is considered to be the archetype of wildlife illustration. Nearly 200 years later, the Audubon prints are coming to life once again, thanks to our vibrant digital library.
