My Chapman alarm system has crapped out on me and now my car won't start. My interior lights don't work, RKE doesn't work, and the alarm comes on intermittently. I've been trying to find info the Chapman systems, but have not found anything about how to bypass it. There are about 22 wiring connections, so it's very confusing.

Chapman Alarm System Failed. Car Won't Start. Help ...

The alarm automatically arms itself (I think that's passive?) and I'd like to turn this feature off because it is annoying for me. The car didn't come with a manual for the alarm and I can't find any information about Chapman online, it looks like that company went out of business as the brain has the year 1995 on it.
