Engineer School | goarmy.com

A combat engineer (also called field engineer, pioneer or sapper) in many armies is a soldier who performs a variety of construction and demolition tasks under combat conditions.. The combat engineer's goals involve facilitating movement and support of friendly forces while impeding those of the enemy. Combat engineers build fighting positions, fortifications, and roads.

Combat engineer - Wikipedia

This manual is divided into two parts. Part one is an easy-to-read, ready reference for the combat commander and tells what psychological operations can do and how they can be used to achieve a quicker victory, conserve valuable resources, and save the lives of US and friendly personnel. Part two is for the PSYOP commander, unit, and staff personnel and others with an interest in or need for the details of psychological operations.
