Comet: Carl Sagan: 9780345412225: Paperback - Revised Ed.: Astronomy book

Comet by Carl Sagan; Ann Druyan

As a science fiction reader, I've "visited" many strange planets throughout the years. Heinlein wrote a story about Venus as a sloppy, hot, wet hellhole. He had people living and working there. The astronomer Carl Sagan and others thought that Jupiter's clouds could possibly host strange life forms suited to the conditions there.
