receive a case file, you need to think about the judgements to be made, the needs to assess and the best help to provide. This theme offers an array of resources which bring together the many elements of the processes of assessment and intervention.

Assessment and Intervention | Social Work Toolkit

Communication assessment for students with severe disabilities is typically conducted not to determine eligibility for services, but to provide direction in planning for interventions. As such, communication assessment is one of many vehicles used to inform students' Individualized Education Programs (IEPs).
