Here are 10 dark secrets from the top of my head that almost no one knows about, but that cause trouble daily in crypto. It still is the Wild Wild West. Of the 902 cryptocurrency ICOs formed in 2017, 142 failed before raising any funds, and 276 failed after fundraising. Another 113 ICOs fall under the "semi-failed" category, either because the respective startup ceased communicating on social media, or the community dwindled to the point where it has virtually no chance of success.
