I have a 2006 that has an 400 ISL. Great engine, no problems and runs like a bat outta hell. The ISL Common Rail engine was produced in 350, 370, 400 and 425 Hp versions all the same engine. HP and torque is controlled by the engine control module or ECM. There are thousands of them on the road with many trouble free miles.

Owner's Manuals, Diagrams and Technical ... - Cummins Inc.
The mileage on the 425 is HORRIBLE, seems to average 7-7.2 mpg. The 370/400 motors got 8.8 mpg (no tag) and 8.3, that had a tag. Both 40 footers. Usually the mileage popped up at 8-9000 miles, but the 425 is a fuel hog by my standards. Now everyone can tell me what an idiot I am, but I think I like the simpler older Cummins. The fuelish Muffin Man.
