Cold Hose - AC Hoses, Hose Kits and Fittings

The A/C refrigerant hose carries refrigerant from the condenser to the evaporator and vice versa. There are both high pressure discharge hoses, and low pressure suction hoses. If you are fixing up an old system that initially came with R12 instead of the currently used R134a and think that your original hoses are in good shape, think again!

Ford F 150 Vacuum System Diagram - Wiring Forums

Most low pressure AC hoses are made out of metal, with flexible rubber hose material for places where the hose needs to run through tight spots inside the engine compartment. Due to the fact that the engine compartment is extremely hot, the AC low pressure hose can sometimes develop small holes that causes refrigerant to leak and can render the AC system useless.
