### EU Competition Law and Economics | Oxford University Press

The benefits of competition. There is a general belief among societies that have adopted the market economy as their economic model that competition brings various benefits. Competition is believed to ensure low prices and a broad range of choices for consumers as well as overall efficiency and innovation. This is also reflected in statements of the Directorate General for Competition (DG COMP) of the European Commission (hereinafter: the Commission):

### Journal of Competition Law & Economics | Oxford Academic

Economic evidence has become an essential component of a successful competition law case, but questions surrounding the weight and value to be given to economic evidence have not been explored. This work provides competition law practitioners with a comprehensive legal and economic analysis of economic evidence in EU competition law.

### EU Competition Law and Economic Evidence - Ioannis Lianos ...

'Comparative Competition Law and Economics is a tour de force. It offers a fully integrated analysis of US and EU competition law and economics. The legal and economic analyses are up-to-date, comprehensive, provocative and yet readable. It deserves a spot on your bookshelf.'

### Comparative Competition Law and Economics

Competition encourages companies to offer consumers goods and services at the most favourable terms. It encourages efficiency and innovation and reduces prices. To be effective, competition requires companies to act independently of each other, but subject to the competitive pressure exerted by the others. European antitrust policy is developed from two central rules set out in the Treaty on the Functioning of the European Union:

### Antitrust: Overview - Competition - European Commission

European competition law is the competition law in use within the European Union. It promotes the maintenance of competition within the European Single Market by regulating anti-competitive conduct by companies to ensure that they do not create cartels and monopolies that would damage the interests of society.

### European Union competition law - Wikipedia

The European Commission plays an active part in enforcing the competition rules, and a study of Competition Law is therefore also a study of EU Administrative Law. This area of Law also gives the student a good opportunity to study the interrelation between Law and economics, since these legal norms often are based on economic theory.

### JUS5310 - EU Competition Law - University of Oslo

The fundamental reason for having competition law in the EU is to allow for a flourishing free market and to ensure that corporate enterprises do not have undue influence or dominance in the market or even through political influence. T

**Economics for Competition Law Course by Distance Learning**

The EU has never been quite sure how to balance being an economic partnership with promoting freedom, security and democracy. Now a brewing row over Covid recovery payments to authoritarian regimes in Hungary and Poland is threatening to undo the uneasy compromise. It started when European leaders concluded a 'historic' meeting in July and agreed [...]
