CNC enhancements can be adopted over time, either by learning on the CNC or by using FANUC's realistic and efficient NCGuide CNC simulator.

Series 30 i MODEL B - FANUC

Does anyone know of a parameter that allows the coolant pump to turn on while the door is open. Title should have read 31i controller. Currently, the pump is disabled when the door override is active. Any way to turn that off? I added a wash down hose to the pump output, but I can't use it while the door is open. I will keep looking through the parameter book, but I have not found anything yet.
