Fixed Assets CS - Thomson Reuters

With Fixed Assets CS, you can: • View calculation results on screen as you enter data. • Group multiple assets and transfer them, sell, or trade them as a unit for one price. • Divide an asset based on cost, number of units or percentage to dispose of part of an asset. • Automatically enter AMT, E&P, and/or ACE information.

FIXED ASSETS CS - Thomson Reuters

Pros: I liked how organized the software would list each asset and how, based on the type of asset you added, Fixed Asset CS could automatically trigger the correct depreciation method.It was also very easy to cut and paste assets if you entered them in the incorrect activity. Reflecting a sale was very intuitive with the "Mass disposition" feature.
