Main Street Pens - Quality Pen Repair

• When not in use, a fountain pen containing ink should be stored in an upright position (nib facing the sky). If your pen will not be used for a week or so, it is best to remove the ink and clean the pen with cool water. • To clean your pen, first empty the ink. Use your converter or built-in filling mechanism to fill and flush the pen with cool water.

Shop - Fountain Pen Supplies

We recommend cleaning your fountain pen about every three months to ensure perfect writing performance. This is especially important if the ink has dried due to lack of use or the power supply system is blocked, you will have to use a different colour of ink or the ink flow could become uneven or stop altogether.
