Friday Robert A Heinlein

Friday is a 1982 science fiction novel by

Read Free Friday Robert A Heinlein

Robert A. Heinlein. It is the story of a female "artificial person", the eponymous Friday, genetically engineered to be stronger, faster, smarter, and generally better than normal humans. Artificial humans are widely resented, and much of the story deals with Friday's struggle both against prejudice and to conceal her enhanced

between the tone and ideas developed by Bacigalupi in 'The windup Girl' and 'Friday', both are set in post modern worlds, plagued by energy shortages, ruled as much by corporate elites as by nation states and populated by artificial people. Indeed Heinlein's notion of a corporate nation and territorial nations seems particularly apposite in a modern
