### Get Better Sound Jim Smith

Get Better Sound While traveling extensively around North America as an audio distributor and as an audio consultant, Jim Smith became increasingly discouraged. Although he visited hundreds of audiophiles, some with very advanced systems, he was amazed and dismayed to discover that not one system he heard was performing anywhere near its potential!

### Get Better Sound | Get Better Sound

Jim Smith provides many helpful tips to improve your overall sound. He proposes ideas that will make a large difference, and also provides tweaks for the perfectionists. I wanted to keep my vintage equipment, and get to most out of the sound. It worked. I did spend some time building speaker stands, and moving things around. I had fun doing the work.

### Get Better Sound by Jim Smith (2008) Paperback: Jim Smith ...

Jim Smith embarked on his career in high performance audio in the late 1960s. It all started when he and his wife bought their first audio component system. When the system kept breaking, out of frustration and a determination to "get it right," Jim began what became a lifelong career search into the mysteries of audio systems and sound reproduction.

### Get Better Sound: Jim Smith: Amazon.com: Books

Jim B. 2.0 out of 5 stars Get Better Sound. Reviewed in the United States on January 23, 2013. Verified Purchase. The author and narrator Jim Smith does too much talking and at times he is vague. I am not sure what the book is like, but if I could it over I would definitely buy the book before I spent money on the DVD.

### **Through the Sound Barrier by Jim Smith — Kickstarter**

For my 100th post (yay!), I thought I would give a quick recommendation to Jim Smith's book, Get Better Sound. To my surprise, it seems that nobody has posted about this book before on SNA, as it provides useful information for many topics discussed here. I note that Jim Smith is an SNA member, but has not I believe ever referred to his book.

### **Get Better Sound by Jim Smith - General Hi-Fi Discussion ...**

Jim Smith's Get Better Sound book has been the gospel of achieving the best playback your system can produce. But Smith finally realized that actually SEEING and having the steps from his book explained was far more powerful and more effective for some people than only reading about them. And so, the Get Better Sound DVD series was born.
