Really Sketch

Grid paper is the type of graph paper most often used for art and drawing projects. It is used for creating floor plans, designing web pages, creating cross-stitch patterns, planning construction projects and many other purposes. Many people who use it believe that a quick pencil and paper sketch can be created in a fraction of the time required to make the same sketch with a computer program. This works well for a single draft, but if multiple refining drafts are required, then the computer ...
