Jewelry Photography Guide

Below are some of the compelling jewelry photography tips for your social media pages. 1. Follow the rule of thirds. The Rule of Thirds is one of the most basic photography tips for producing attractive images. In this approach, you frame your shots horizontally while vertically breaking it down into thirds, giving you a total of nine parts.

Jewelry Photography: A Comprehensive Guide for Jewelers ...

Though taking good product images of jewelry is much harder than taking a good product image of something like a plain blue chair, jewelry does have the size advantage. You don't need to stretch a white sheet from wall to wall to create a white backdrop — just use a piece of paper and fold it in half so it stands up.
