D. William Denish, Photography by D. William Denish February 26, 2009. Short Block Charlie's in Tempe, Arizona, is quite accomplished in building JIMS 120-inch Twin Cam engines. Charlie has built a slew of them, ranging from 120 inches to 135 inches in displacement. JIMS TC engines have proven to be stout crate motors, and with a 51mm CV carb and free-flowing exhaust, they typically produce about 1hp and a tad more than 1 lb-ft of torque per cubic inch on pump gas.
