Ian Tattersall's new book, *Masters of the Planet*, is an eloquently and well-written story of our human origins. While much of the material included in this book was familiar to me, I have to say that Dr. Tattersall's organization and presentation makes this book the perfect gift for someone looking for a thorough but easily understandable first exposure to human evolution.

There are many Sirians who are Ascended Masters. Their desire is to re-align planet Earth with love and harmony, and for us to be able to express unconditional love and unity, as they can back on their own planet. Sirius A has a companion dwarf star, named Sirius B. This is a water planet that contains dolphins, whales and merpeople.
