Montessori was a great believer in indirect preparation. By this, we mean that she found clever ways in which children can learn how to do things without even realising that that is what they are doing. For example, she created sets of metal insets that children use for drawing but that actually help form the fine motor skills for subsequent writing.

The Montessori Learning Environment

Montessori Children's House - Home

Play-based preschools (also called "play schools"), like Montessori preschools, are mostly decentralized. Kids are free to move around, choose their activities, and work at different areas or stations. Often, there is a dress-up, sensory, kitchen, and nature area, among others. Play-based preschools have lots of unstructured time.
