the cultural contributors to the poverty, high incarceration rate, and social problems faced by inner-city African American males today.

More Than Just Race Summary and Study Guide | SuperSummary

More Than Just Race William Julius Wilson has one main argument in More Than Just Race: "...more weight should be given to structural causes of inequality, despite the dynamic interrelationships of structure and culture, because they continue to play a far greater role in the subjugation of black Americans and other people of color." (Wilson 135).
