Because this site is dedicated to free books, there's none of the hassle you get with filtering out paid-for content on Amazon or Google Play Books. We also love the fact that all the site's genres are presented on the homepage, so you don't have to waste time trawling through menus. Unlike the bigger stores, Free-Ebooks.net also lets you sort results by publication date, popularity, or rating, helping you avoid the weaker titles that will inevitably find their way onto open publishing platforms (though a book has to be really quite poor to receive less than four stars).

Networks Of Outrage And Hope

Networks of Outrage and Hope is an exploration of the new forms of social movements and protests that are erupting in the world today, from the Arab uprisings to the indignadas movement in Spain, from the Occupy Wall Street movement to the social protests in Turkey, Brazil and elsewhere. While these and similar social movements differ in many important ways, there is one thing they share in common: they are all interwoven inextricably with the creation of autonomous communication networks ...

Castells, Manuel (2012). Networks of outrage and hope ...

In the second edition of Networks of Outrage and Hope: Social Movements in the Internet Age, sociologist Manuel Castells conceptualises the relationship between social movements and the internet age through the notion of 'the networked social movement'. While the book utilises an admirable empirical dataset and shows deep understanding of the fluidity of contemporary social movements, Helton Levy wonders if Castells's optimistic vision neglects lingering issues, including state ...

Book Review: Networks of Outrage and Hope: Social ...

He argues that the Internet has created a 'space of autonomy' for the exchange of information and the sharing of feelings of collective outrage and hope. He strongly believes that Internet networks have become the material support of a new type of political participation, a participation that is based on horizontal networks, on political autonomy, leaderless organisation, and groundless solidarity.
