I am hoping you can help me. I am trying to reset the service indicator "flashing spanner" on my 11 plate Nissan Note, 1.5 dCi. I had it serviced at a local garage who said that they couldn't work out how to do it. I can't find anything in the manual and all of the answers I get from the internet seem to be for the older model. Keep up the good work, reading your website virtually every day is ...

### Service Department - Riverhead Nissan

When we brought our 2010 Nissan Rogue with 50,000 mileage. Nissan took a long time to repair the car - more than a week for a transmission replacement which is under warranty. Nissan charged me a diagnostic fee of \$180.00 when in fact the car was already diagnosed by another car repair service to have a faulty transmission due to cvt technology.
