No God But Gain: The Untold Story of Cuban Slavery, the Monroe Doctrine, and the Making of the United States

No God But Gain: The Untold Story of Cuban Slavery, the ...

First, the work of Stephen Chamber's No God But Gain is superb. The theme that it was the consistency in the rise of the slave trade with respect to U.S. development that shaped the nation is explicitly laid out in a manner that leaves no doubt that this theme is on a solid foundation of factual historical record.

About No God But Gain From 1501 to 1867 more than 12.5 million Africans were brought to the Americas in chains, and many millions died as a result of the slave trade. The US constitution set a 20-year time limit on US participation in the trade, and on January 1, 1808, it was abolished.

No God But Gain by Stephen Chambers: 9781781689998 ...

No God But Gain, however, examines the persistence of Cuban slavery in the early decades of the nineteenth century. Chambers posits that, "In the aftermath of the American Revolution and the War of 1812, many elite members of the post-revolutionary generation of 1815 accepted that the development of the new United States would require the transatlantic slave trade.

CHAMBERS: No God But Gain (2015) | Book Reviews | Civil ...

No God But Gain is full of provocative arguments—not least that liberal trade policy went hand-in-hand with human bondage, and that the Monroe Doctrine was designed to protect the illegal slave trade." – Amy Stanley, author of From Bondage to Contract: Wage Labor, Marriage, and the Market in the Age of Slave Emancipation

Verso

Stephen Chambers' No God but Gain tackles the three major questions spelled out in the subtitle, clarifying the interdependence of Cuban slavery, the Monroe Doctrine of 1823 and American development. These associations are all the more interesting because, for a variety of reasons, historians have usually been predisposed to treat them more as discrete categories of experience.
