Social exclusion experiences can be further broken down into two subcategories: rejection- and ostracism-based experiences. We provide a brief summary of the research on social exclusion, rejection, and ostracism, focusing particularly on theory and research on ostracism, given that is the primary focus of our research programs.

Social life and social death: Inclusion, ostracism, and ...

Abstract In this review, I examine the social psychological research on ostracism, social exclusion, and rejection. Being ignored, excluded, and/or rejected signals a threat for which reflexive detection in the form of pain and distress is adaptive for survival. Brief ostracism episodes result in sadness and anger and threaten fundamental needs.

Ostracism - insights.ovid.com

Ostracism Definition Ostracism refers to the act of ignoring and excluding individuals. It is differentiated from social exclusion in that ostracism generally requires ignoring or lack of attention in addition to social exclusion. Ostracism is distinguishable from overt acts of rejection and bullying because rather than combining acts of exclusion with verbal or physical abuse, [...]
