11/10/2003. Private investments in public equity (PIPEs) are privately negotiated, equity linked transactions where "the sale is conditional upon a subsequent resale registration statement being filed with and declared effective with the SEC." Due to their specialized nature, usually only institutional and high end investors are involved. It's an appealing way to raise capital, not only because it can be quick but also, depending on the vehicle's structure, less costly particularly for ...
