#### PRESS KIT - EVS

The EVS kit turns your vacuum pump into a full auto-cycling vacuum press for veneering. The adjustable vacuum controller powers your vacuum pump only when a vacuum drop is detected. The standard system is adjustable from 10.5" to 28" of Hg. An alternate vacuum controller for low vacuum applications is available here.

While not many will agree, it is a mystery how Tesla Motors keeps their electric cars in the hearts of their customers – they have a cult-like following that cannot be explained. But, hey, here is the mystery: Tesla electric vehicles are way different from other EVs. Their designs are top of the line, and the safety features are out of this world, not to mention the sleekness.
