It's easy to search Wikibooks by topic, and there are separate sections for recipes and childrens' textbooks. You can download any page as a PDF using a link provided in the left-hand menu, but unfortunately there's no support for other formats. There's also Collection Creator - a handy tool that lets you collate several pages, organize them, and export them together (again, in PDF format). It's a nice feature that enables you to customize your reading material, but it's a bit of a hassle, and is really designed for readers who want printouts. The easiest way to read Wikibooks is simply to open them in your web browser.

Qualitative Interviewing The Art Of

Using in-depth qualitative interviews, authors Herbert J. Rubin and Irene S. Rubin have researched topics ranging from community redevelopment programs to the politics of budgeting and been energized by the depth, thoroughness, and credibility of what was revealed. They describe in-depth qualitative interviewing from beginning to end, from its underlying philosophy and assumptions to project ...
