Winant, and defines a race as something understood by the general population as a collection of social, economic, and political forces or ideas. The book begins by simply deconstructing the definition of race as we know it today. Originally, race was simply an ethnic origin.

Racial Formation in the United States Summary | GradeSaver

The meaning of race is defined and contested throughout society, in both collective action and personal practice. In the process, racial categories themselves are formed, transformed, destroyed and reformed. We use the term racial formation to refer to the process by which social, economic and political forces determine the content and

RACIAL FORMATIONS Michael Omi • Howard Winant Racial ...

Racial formation was coined by sociologists Michael Omi and Howard Winant in the first edition of their book *Racial Formation in the United States* in 1986 - now in its third edition (Omi and Winant 2014). The theory has become a dominant perspective within sociology and has contributed to understanding the role of race in the contemporary United States during the latter half of the twentieth and start of the twenty-first centuries.

Racial Formation - GLOBAL SOCIAL THEORY

In their book *Racial Formation in the United States*, sociologists Michael Omi and Howard Winant define racial formation as "...the sociohistorical process by which racial categories are created, inhabited, transformed, and destroyed."

Racial Formation - Definition and Overview

Racial formation theory is an analytical tool in sociology, developed by Michael Omi and Howard Winant, which is used to look at race as a socially constructed identity, where the content and importance of racial categories are determined by social, economic, and political forces. Unlike other traditional race theories, "In [Omi and Winant's] view, racial meanings pervade US society, extending from the shaping of individual racial identities to the structuring of collective political action ...
