### 1975 Reliant Kitten specifications | technical data ...

He let me drive a 3-wheel reliant around and it was quite stable at higher speeds [I got it up to about 60mph]. What amazed me was how light weight the Robin engine was, he handed me a bare block without crank or internals, just the block, and it was only 7 pounds in weight. I felt as if it would float away if I let go of it!

### Iconic Brit: 1976 Reliant Robin - Barn Finds

Reliant 850cc engine is about 37kg IIRC. The gearbox is about 15 or so. It makes a whole 39 BHP in standard tune but replacing the fan with an electric one takes that to 41 or 42 at the top end. Should be good for a top speed of 70 - 75 in a seven.
