Religion In Public Spaces. 03/27/2011 09:30 pm ET Updated May 27, 2011. The European Court of Human Rights has just upheld Italy's policy of displaying crucifixes in its public school classrooms. In Lautsi v. Italy, an atheistic mother of two public school children challenged this policy, in place since 1924. After losing in the Italian courts, she appealed to the European Court of Human Rights, arguing that the presence of these crucifixes in public schools violated her and her children ...

Lift High the Cross? Religion In Public Spaces | HuffPost

Proponents of the separation of church and state claim that by eliminating all religious symbols in public and state-owned spaces (like courthouses), governments will be limiting discrimination. If no religious symbols exist in public, all religions will be on equal footing.

There are many reasons why religious symbols should not be allowed in public places. First is the separation of church and state, which the Founding Fathers intended the country to be based upon. Second is that religion should not ever be subjected to anyone; they should make the choice for themselves.

Should religious symbols be allowed in public places ...

Thinking about religion in the public space - My mind instantly went back to this moment in time. This is a picture of some women doing the sign of the cross during a Christian Orthodox liturgy at a monastery in Romania. They are dressed in the traditional (folk) wear from the Maramures region. The reason why I find this picture so revealing ...
