### Roadside Geology of Texas - Mountain Press

Texas is a big place; a wayyyy big place. It's so big that it becomes difficult, oftentimes, to treat the state as if it were a single geographic entity. Therein lies the single biggest problem with Darwin Spearing's revised version of Roadside Geology of Texas (1991, Mountain Press). The book is one of a series of reference volumes released by Mountain Press; other entries cover the geology ...
