### Saudi Arabia A Kingdom In

Saudi Arabia, officially the Kingdom of Saudi Arabia, is a country in Western Asia constituting the bulk of the Arabian Peninsula. With a land area of approximately 2,150,000 km<sup>2</sup> (830,000 sq mi), Saudi Arabia is geographically the largest sovereign state in Western Asia, the second-largest in the Arab world (after Algeria), the fifth-largest in Asia, and the 12th-largest in the world.

### Saudi Arabia - Wikipedia

The Kingdom of Saudi Arabia. The history of the Kingdom of Saudi Arabia begins properly on September 23, 1932, when by royal decree the dual kingdom of the Hejaz and Najd with its dependencies, administered since 1927 as two separate units, was unified under the name of the Kingdom of Saudi Arabia. The chief immediate effect was to increase the unity of the kingdom and to decrease the possibility of Hejazi separatism, while the name underscored the central role of the royal family in the ...

with its foundation in 1744, although the history of the region extends as far as 20,000 years ago. The region has had a global impact twice in world history. In the 7th century it became the cradle of Islam and the capital of the Islamic Rashidun Caliphate. From the mid-20th century the discovery of vast oil deposits propelled it into a key economic and geo-political role. At other times, the region existed in relative obscurity a
