Possibly the best known application of ethnographic discourse analysis is Tannen's work on male-female communication (Tannen, 1990). Regardless of the technique employed, however, all approaches to discourse analysis embrace the centrality of the communicative act as a symbolic one and the means of communication as themselves symbols.

Discourse analysis: Method and application in the study of ...

In this chapter, the author presents three approaches toward a historical discourse analysis. The first approach involves an application of discourse analysis to language history. The second approach involves an application of discourse analysis to historical linguistics.

Approaches to discourse (Book, 1994) [WorldCat.org]

Schiffrin (1987) focused on quantitative interactive sociolinguistic analysis, especially discourse markers. Her basic concern is the accomplishment of conversational coherence. She argues for the importance of both qualitative and quantitative analysis in order to determine the function of the different discourse markers in conversation. 3.
