Casement windows are hinged at the sides and swing outward. Easily opening and closing with a crank that folds away when not in use, casement windows are a great option for hard-to-reach spaces, like over the kitchen sink. Look through our wood, fiberglass and vinyl casement window selection to find inspiration for your home.

Casement windows are hinged and hang vertically whereas their counterparts — Awning windows — hang horizontally. With hinged casement windows, the entire panel opens to offer ventilation. Depending on the placement of the window, the open panel can often act to catch a passing breeze and direct it into the home.
