"Alice in Wonderland" since it's a well-known book, and there's probably a free eBook or two for this title. The original work is in the public domain, so most of the variations are just with formatting and the number of illustrations included in the work. However, you might also run into several copies for sale, as reformatting the print copy into an eBook still took some work. Some of your search results may also be related works with the same title.

Shadows Over Baker Street Michael

With this dubious legacy in mind, I was cautious about approaching the recent anthology *Shadows Over Baker Street*, edited by Michael Reaves and John Pelan. The central premise of stories combining the worlds of Doyle and Lovecraft certainly left lots of room for failure: consider how few people are capable of producing a good story using either mythos, let alone both put together!
