Analyzing Politics: Rationality, Behavior, and ...

This week's political analysis book was "Analyzing Politics: Rationality, Behavior, and Institutions" by Kenneth A. Shepsle and Mark S. Bonchek. The book goes into detail about the rational choice model for analyzing politics. Many of the concepts in the book are things that I've learned in the context of past economics courses, and though some people refer to the rational choice model as the economic model of politics, in chapter one the authors are quick to dispute this belief and ...

This seminar explores the role of political institutions in the formation, implementation, and regulation of economic policy. We examine research traditions in the positive theory of political institutions, and in comparative and international political economy, and apply them to several substantive issue areas.
