5 mistakes to avoid when choosing a laptop docking station Watch Now When I was putting together our guide to the best laptop docking stations , I had a chance to test a dozen of them.

Buying a laptop docking station? Avoid these 5 mistakes ...

Many laptop docking stations are universal, meaning they can work with any laptop up to spec. Others are designed to be used with a specific type of laptop (Surface Pro, Thinkpad, etc.) If you know that you only plan to use the station for a specific type of laptop, then a universal station isn't necessary, though it offers less flexibility should your computing situation change in the future.

5 Best Laptop Docking Stations - Sept. 2020 - BestReviews

Universal docking stations work with DisplayLink technology that enables docking features over USB. The universal docking solution enables multiple monitors, audio, Ethernet, and other USB devices to be connected to laptops through USB. Works best with USB 3.0 ports on the laptop.
