Avinash Dixit's Art of Strategy is an informative book and a little boring. It's informative because it provides you with some basic principles for how to reason properly in situations where you have to coordinate or compete with other people, your self, or a company or something equally abstract; 'game theory' is just a fancy name for principled strategic interaction.

Bringing Science to the Art of Strategy

Game theory means rigorous strategic thinking. It's the art of anticipating your opponent's next moves, knowing full well that your rival is trying to do the same thing to you. Though parts of game theory involve simple common sense, much is counterintuitive, and it can only be mastered by developing a new way of seeing the world.
