The Genius of China (000)

reviews. The Genius of China: 3,000 Years of Science, Discovery, and Invention. Robert Temple. Inner Traditions. Paperback. 288 pages. November 2007. It's often suggested in the West that so-called Oriental peoples are copiers rather than innovators. Then someone will mention, for instance, gunpowder, paper, or the printing press, three major inventions of the Chinese, and the Western naysayer will assert that although the Chinese may have invented a few things, they didn't progress and ...
