PZ Myers is a breath of fresh, godless air. As much as I enjoy reading the works of the "new" atheists (Daniel Dennett, Richard Dawkins, Sam Harris, etc), the tone of their efforts is generally of a much more serious, often times combative nature, an urgent call to action against primitive beliefs that hold back the progress of humanity.

About The Happy Atheist. On his popular science blog, Pharyngula, PZ Myers has entertained millions of readers with his infectious love of evolutionary science and his equally infectious disdain for creationism, biblical literalism, intelligent design theory, and other products of godly illogic. This funny and fearless book collects and expands on some of his most popular writings, giving the religious fanaticism of our times the gleeful disrespect it deserves by skewering the apocalyptic ...

As another example, many atheists are aware of the old negative stereotype of the "angry atheist." Evolutionary biologist PZ Myers, a leading New Atheist, thought he could help reverse that perception by titling his first book, released earlier this year, The Happy Atheist. At the beginning of the book, he tries to frame himself as a happy-go-lucky guy who can't help but laugh at all the silly superstition that's around him:
