The Spire William Golding

The Spire is a 1964 novel by the English author William Golding. "A dark and powerful portrait of one man's will", it deals with the construction of the 404-foot high spire loosely based on Salisbury Cathedral ; [2] the vision of the fictional Dean Jocelin.

The Spire - Wikipedia

Golding taught at the school attached to Salisbury cathedral and this inspired his story. The hubris of building the tallest tower and stone spire in England on top of thin pillars never meant to hold the weight, themselves built on 4' deep foundations set on wet gravel is amazing.

The Spire. 'There were three sorts of people. Those who ran, those who stayed, and those who were built in'. Set in medieval England, The Spire tells the story of one man's vision – the construction of an enormous spire onto a cathedral without foundations. Believing himself to be chosen by God, Jocelin, Dean of the Cathedral, insists that the spire must rise higher and higher, despite the singing pillars and the creeping ground.

The Spire - William Golding

Golding's "The Spire" concerns Dean Jocelin's attempt to crown his parish's cathedral with a vast spire, despite the cathedral not having the foundations to support its weight and length. He is opposed my many, learned man and layman alike, who claim that such attempt is a folly that will only end in disaster.
