time and media markets - cusbace.whatworksforchildren.org.uk

A media market, broadcast market, media region, designated market area, television market area, or simply market is a region where the population can receive the same television and radio station offerings, and may also include other types of media including newspapers and Internet content. They can coincide or overlap with one or more metropolitan areas, though rural regions with few significant population centers can also be designated as markets. Conversely, very large metropolitan areas can
